Quartz Surfacing Features & Benefits

Presented by:
Macy Otten &
Andrea Rice, Cambria

Program Overview: This one-hour Health, Safety, and Welfare (HSW) course will give you a solid understanding of the fundamentals of quartz surfacing with an overview of the supply chain.

Course Objectives:

1. Specification best practices focused around commercial applications
2. Learn how to ensure spectacular results through optimal design engineering
3. Understanding how to choose the best surface for specific applications
4. Examine quality control considerations for manufacturing variables

This course is IDCEC approved for 0.1 credit.
